

A.T.I.A. – October 2010, Schaumburg

Assistive Technology Industry Association - A Sampling of Information Presented –

www.adaptivation.com

Always a favorite for their kits and systems. This company has a variety of unique switches such as the TableTapper which turns a tabletop into a switch, the Dipsy (like the old mercury switch) and more.

www.atia.org

Don't miss ATIA, one of the national AT conferences, to be held Nov 3–5, 2011 in Schaumburg. Remember that there is a FREE exhibit hall option. Great pre-conferences. The ATIA website also offers webinars – recently one was held (will be archived) on developing AT teams in rural areas for small districts.

www.attainmentcompany.com

GoTalk Express 32 with scanning – many functions including the function to build phrases/ sentences

www.cricksoft.com

Great company with many valuable products such as “WriteOnline” writing tool.

www.fdlrs.com

Florida Department of Education. Digital version of a very comprehensive booklet with active links – Teacher Tools, Universal Design for Learning, Curricular content, iPod Touch and iPad information, AAC, AT competencies, thematic materials, visual supports for literacy and so much more. Enter site then click on “Technology”. Then go to “FDLRS Technology Coordination Unit”. Terrific resources!

www.iprompts.com

“Autism Track” journaling tool and “iPrompts” picture prompting applications

www.judylynn.com

New software and new bundle options. Check out “Match Maker” and “Quiz Creator”.

www.marblesoft.com

Very reasonably priced, highly visual software – for math, money, switch/scanning access

www.mayer-johnson.com

Boardmaker Studio – has all of the features of previous versions of Boardmaker plus hundreds of templates and more. Save time!

www.modularhose.com

Need mounting systems? Check out this amazing option which is also great value. Under “APPS” click on “Assistive Technology”.

www.mountnmover.com

Large variety of mounting options

www.myownworksheet.com
